Reasons for Allowance

1. Examiner has reviewed and considered Applicants amendments and comments as indicated in Applicant's response dated 09/05/07 on pages 7 – 8, and based on current amendment and previously allowable subject matter as identified by Examiner in the previous office action with regards to claim objections, claims 2 – 13, 15 – 26, 28 and 29 are now in condition for allowance.

The following is an Examiner's statement of reasons for allowance.

The prior art of record does not teach or fairly suggest at least the limitations of:

A computer system comprising:

“...making the commentary and the particular portion of the body of source code accessible to only the set of intended readers, wherein the set of intended readers is designated by a user's selecting the set of intended readers from a set of potential intended readers, and wherein the set of potential intended readers is acquired by accessing a directory service...”, and as best illustrated by figure 7, in such a manner as recited in independent claims 2, 15 and 28.

Therefore, all remaining claims 2 – 13, 15 – 26, 28 and 29 are in condition for allowance.

Art Unit: 2192

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
